IMPLICIT Exhibitor Booth 2023

This year, for the first time, the IMPLICIT Staff and Leadership participated in the FMEC Exhibitor Booth Sessions. Many individuals had engaging conversations with us and were interested to learn more about the IMPLICIT Network. Thank you to all within the IMPLICIT Network, who supported and participated in this activity. Due to the success, we look forward to continuing to participate in future conferences.

IMPLICIT Posters and Presentations at Recent Conference

IMPLICIT Fall Meeting

"If you can't describe what you are doing as a process, you don't know what you are doing." ~ W. Edwards Deeming

Overview and Action Items from the Meeting

IMPLICIT & National MCH Efforts

IMPLICIT in Minnesota

Health Equity

- Importance of Health Equity
- Analysis of ICC Behavior Change with Health Equity focus

Family Planning PDSA and PATH

- Continue to monitor PDSA
 - Ensure all sites remove of "Tier" language, split intervention, making "Yes, reviewed current method satisfaction" its own option, adding "emergency contraception" as a method choice
- PATH (Patient-centered contraception education)
 - Educational package will be sent out and includes:
 - Presentation on the PATH method for patient-centered contraception counseling, patient-centered contraception educational material, video example of using PATH during an ICC visit

Promote IMPLICIT

- FMEC is partnering with IMPLICIT to strategize and seek funding opportunities via public health grants and private foundations
- Analyze and leverage ACGME requirements when seeking funding opportunities
- Identify new grant opportunities and work to publish on current data/projects

New site recruitment

- Identify providers and sites interested, hold group webinar
- Create comprehensive membership support documentation

Find the presentation slides here

Committee Updates

Data Review

- Monitor previous PDSA's: Family Planning and Maternal Demographics
- Collaborate with HEC on analyzing health equity data
- Assist in increasing Network publications
- Move 4TM project to Phase 1 for current sites and prepare new sites interested in implementing
- Identify grants/collaboration appropriate for our data
- Revisit copywrite for Network Toolkit

Health Equity

- Assessing areas of opportunity to connect sites with community programs and partnerships
- Developing content for site leaders to disseminate to staff and residents around health equity and reproductive justice in family medicine
- Providing educational opportunities, centered on health equity, through webinars, journal club, and network meetings as it pertains to the postpartum experience
- Provide statements to use for Network presentations on gender inclusive language

Scholarly Activity

- Continuing the promotion of journal clubs and webinars
- Assisting in organization and outlining for 4th Trimester and ICC Behavior Changes publication topics with Network members

Leadership Council

- Continue identifying national health equity partners
- Continue identifying potential LC candidates that represent the Network geographically
- As Network continues to grow, identify funding sources to support the Network sustainability and the IMPLICIT team
- Support IMPLICIT team in planning future Network events
